

**Microfile Mini Track Trimless back recessed**

code MF202.840/01

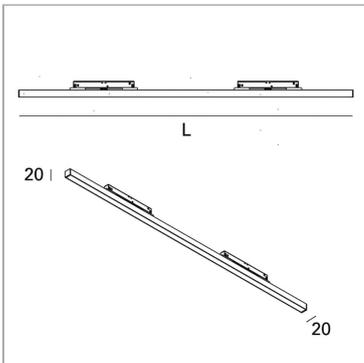

**PRODUCT DESCRIPTION**

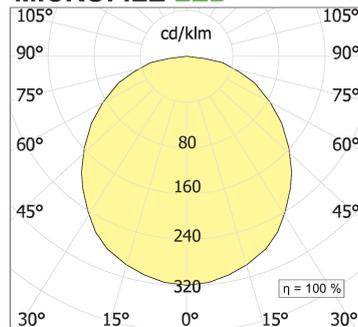

Direct light lamp with backlight via Minitrack 24V (rail not included) made of extruded aluminium 6060 with square section measuring 19,8x19,5 mm; complete with led; colour rendering index CRI >90. Professional led modules 26.4 W. Protocol vedi alimentatore. Epoxy powder coated with white color finish; complete with polycarbonate [diffusore] with diffusing film. Degree of protection IP40.

**PRODUCT SPECS**

|                              |                               |
|------------------------------|-------------------------------|
| Installation method          | Track, Trimless back recessed |
| Light source                 | Linea Led                     |
| Absorbed power               | 26,4 W                        |
| Color temperature            | 4000K                         |
| Color rendering index CRI    | >80                           |
| Finishing                    | White                         |
| Luminous flux of the product | 1324 lm                       |
| Luminous efficiency          | 50 lm/W                       |
| Protocol                     | On/Off                        |
| Energy efficiency class      | D                             |
| Dimension                    | L1220 mm                      |
| IP Grade                     | IP40                          |
| Protection Class             | Class III appliance           |
| Power supply/Transformer     | Not included                  |
| Protocol                     | See power supply              |

**ASSEMBLY INSTRUCTIONS**

Complies with EN605981 and related notes. In the absence of metric symbols, the measurements are all in millimetres. Luminous flux and power data are initially subject to tolerances +/- 10%. The values refer to an ambient temperature of 25°C unless otherwise specified. We reserve the right to make changes to our products at any time.
