

## Iground Fixed 100

code IG003A.927S/20

### PRODUCT DESCRIPTION

Collection of walk-over recessed floor luminaires with integrated Chip On Board LED sources with monochromatic emission, fixed or adjustable optics. The tilting is obtained without having to open the article, thanks to a mechanical movement located on the lamp body. The body, circular in shape, is available in three sizes Ø 65 mm, Ø 84 mm, Ø 132 mm and made of anodized aluminum, with an AISI 316L stainless steel flange, complete with extra-clear tempered safety glass, without visible screws. The fixtures are supplied with 2 meters of neoprene cable. Additional 5m, 10m, 15m or 20m cable is available upupon request. Cylindrical outer casings available. IP67.

### PRODUCT SPECS

|                              |                                                        |
|------------------------------|--------------------------------------------------------|
| Installation method          | Recessed with frame, Floor                             |
| Light source                 | LED                                                    |
| Absorbed power               | 12 W / 18 W                                            |
| Color temperature            | 2700K                                                  |
| Color rendering index CRI    | >90                                                    |
| Optic                        | Spot 14°                                               |
| Finishing                    | Brushed steel                                          |
| Luminous flux of the product | 960 lm / 1725 lm                                       |
| Luminous efficiency          | 80 lm/W / 96 lm/W                                      |
| MacAdam color tolerance      | 2 / 3                                                  |
| Life time estimate           | 2SCDM 50.000h L90 B10<br>ta25° / 50000h Ta 25° L80 B10 |
| Energy efficiency class      | D                                                      |
| Weight                       | 0.8 Kg                                                 |
| Dimension                    | L2000xH85 Ø132 mm                                      |
| Hole size                    | 108 mm                                                 |
| IP Grade                     | IP67                                                   |
